DYNAMIC **HD** IMAGING®

HIGH DEFINITION INKJET PORCELAIN

M E R I T A G E

For over 30 years, the tile design team at Mediterranea has always had an eye for the most elegant and timeless stone looks. With our all-new MERITAGE series, we are introducing a truly classic and noble stone look for the ages.

The stone graphics featured in Meritage are sourced from the very finest European quarries, with unmatched depth and natural veining. For that reason, these porcelain tiles are offered with an incredibly rich polished finish, as well as a matte finish in the popular 12" x 24" format. This makes the tile ideal for residential or commercial use in floors, walls, kitchens, backsplashes and bathrooms - almost any application that demands a fine design touch.

Also featuring rectified edges to minimize grout joints, Meritage is offered in four perfectly balanced colors: Ivory, Black, Grey & Beige. Bullnose and mosaic trim pieces are available in both polished and matte finishes to round out any design concept.

The new Meritage series is one of the most elegant porcelain tile collections ever introduced in the USA marketplace. It delivers the winning look and outstanding quality that you've come to expect from Mediterranea.
