STONEPEAK

Stonepeak is proud to unveil **ModulAqua**, an innovative program designed to **streamline and simplify** the **on-site installation of porcelain slabs**, bringing **elevated bathroom design within reach**.

Emerging as a result of extensive research aimed at optimizing the building process, **ModulAqua** introduces a curated collection of premium porcelain slabs, each **pre-cut into strategic dimensions to suit standard shower and bathtub installations**.

These selections are the culmination of thoughtful planning, aimed to revolutionize the way you think about modern bathroom construction.

Perfect for home builders, remodelers, the hospitality industry, and more, this innovative program reflects our commitment to redefining your bathroom design experience, **ensuring that elegance and efficiency go hand in hand**.

Meticulously curated to embrace timeless design styles, **ModulAqua** guarantees the excellence of our unparalleled porcelain, which beautifully mimics the aesthetics of natural stone while offering the inherent benefits of porcelain:

Its **non-porous surface** simplifies cleaning, allowing for a quick wipe-down to restore its natural sheen; its **low water absorption** rate makes it best suited for wet areas, preventing any moisture-related issues; its **chemical resistance** makes it ideal for maintaining its pristine condition against cleaning agents and cosmetics; its **hypoallergenic nature** ensures a safe and healthy environment; and finally, its **endurance** promises longevity, standing up to daily use without losing its evergreen appeal.

ModulAqua, redefines convenience and elegance in bathroom design, offering a product that not only exceeds aesthetic desires but also exceeds functional expectations.
